

NO ARTIFICIAL COLORS

FOR ALL OUR SCHOOL'S FOOD ITEMS

Last year, we successfully transitioned to offering ice cream that contains no artificial colors.

Building on this positive change, we are now expanding this policy to include ALL food items available through our school's food service. This decision aligns with our goal of providing healthier, more natural food choices for our students. We believe that eliminating artificial colors from our menu, we can further promote a nourishing and supportive environment for our students. We appreciate your continued support as we work to make our school a healthier place for ALL students.

If you have any questions or concerns, please do not hesitate to reach out. Thank you for your partnership in promoting the well being of our students.
