

SCHOOL PICTURES

Did you know that parents can snap a picture of their student for the yearbook?

Picture Day Instructions for virtual Families and Students that are absent!

How it Works:

1. Download the Shutterfly app
2. Scroll down to "Snaps@Home" and select a picture package
3. Smile! Snap a quick pic
4. Customize your image with your favorite background. Continue to Add another package or Proceed to Checkout to save the image. **(No purchase is required)**
Pictures for the yearbook **MUST** have a traditional blue background
5. Send your photo to winptayearbookphotos@gmail.com

Your Picture Day Snaps can be found in "All Photos"
Please include child's legal name, grade and teacher!

Please note you do not need to purchase a picture package to submit a photo for the yearbook. Follow the above instructions and your picture will still be saved.

More information can be found at:

This year students have **two** options for getting their smiling face in the yearbook.

1. Cohorts A, B, and C have the option of using the "snap@home" app. The picture is taken on a cellphone and uploaded the app.
2. In-person pictures:
 - a. Cohort A is February 23
 - b. Cohort B is February 25
 - c. Cohort C- if the parent is unable to use the "snap@home" app, please contact Mrs. Brady to have the picture done in school on February 24.
