WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

INTRODUCTION

The West Seneca Central School District and the Board of Education are committed to providing a safe and orderly environment, in which students may receive and district personnel may deliver quality educational services without disruption and interference. Responsible behavior by students, teachers, other district personnel, parents, and other visitors is essential to achieving this goal.

The West Seneca Central School District has a long-standing set of expectations for conduct on school property, at school functions, and with District computer systems. These expectations are based on principles of civility, mutual respect, citizenship, character, tolerance, honesty, and integrity. The Board of Education recognizes the need to clearly define these expectations for acceptable conduct on school property, at school-authorized functions, with District resources, and identify the possible consequences of unacceptable conduct, to ensure that discipline, when necessary, is administered promptly and fairly. To this end, the Board of Education adopts this West Seneca Central School District Code of Conduct.

Actions outside of school that result in infractions of the code in school fall under this code and consequences may result as specified in the code.

Be aware that all West Seneca Central School District facilities employ video surveillance equipment for security purposes. This equipment may or may not be monitored at any time.

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

DEFINITIONS

For the purpose of this code, the following definitions apply:

Color	Means the term refers to the apparent pigmentation of the skin, especially as an indication or possible indication of race.
Complicity	The intentional performance of an act with knowledge that it will assist another to commit an act of academic dishonesty as that term is defined in the Code.
Copying	Obtaining information pertaining to any work to be submitted for evaluation by deliberately observing the work of another.
Cribbing	The use or attempted use of prohibited material, information, or study aids in any work submitted for evaluation.
DASA	<p>Means the Dignity for All Students Act. The goal of DASA is to provide public elementary and secondary school students with a safe and supportive learning environment free from discrimination, intimidation, taunting, harassment, and bullying on school property, on a school bus, or at a school function. This includes “cyberbullying” as well as harassment that occurs off of school property that creates a risk or a perceived risk for harm or bullying on school property. In accordance with DASA, School District policy and practice must ensure that no student is subject to discrimination, harassment, or bullying based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practices, disability, sexual orientation, gender, or sex by school employees or students.</p> <p><i>The West Seneca Central School District recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting and intimidation. The District therefore strives to create an environment free of discrimination and harassment and promotes civility in the schools to prevent and prohibit conduct that is inconsistent with the District's educational mission. To this end, the District has a comprehensive policy regarding the Dignity for All Students Act (“DASA”), which prohibits bullying, discrimination and harassment of students in specific circumstances. The policy is available on the District's website and at our District office. Questions regarding DASA can be directed to the District's appointed Dignity Act Coordinators:</i></p> <ul style="list-style-type: none"> <input type="checkbox"/> Allendale – Sean Hanley – 677-3670 <input type="checkbox"/> Clinton – Tina Schoepflin – 677-3631 <input type="checkbox"/> Northwood – Brenna Fitzpatrick – 677-3649 <input type="checkbox"/> West Elementary – Elizabeth Caprio – 677-3166 <input type="checkbox"/> Winchester – Kathryn DiPasquale– 677-3594 <input type="checkbox"/> East Middle – Dr. Christopher Scozzaro – 677-3530 <input type="checkbox"/> West Middle – Aimee Smart – 677-3513 <input type="checkbox"/> East Senior – Kristen Syracuse – 677-3300 <input type="checkbox"/> West Senior — Luke Rejewski -677-3368

REPORTING VIOLATION OF THE CODE OF CONDUCT

The building principal must notify the appropriate local law enforcement agency of those West Seneca Schools Code of Conduct violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but no later than 24 hours after [the close of business the day] the principal learns of the violation. The notification may be made by telephone and may be followed by a letter. The notification must identify the student(s) and explain the conduct that violated the West Seneca Schools Code of Conduct and constituted a crime.

DISCIPLINARY PROCEDURES AND PENALTIES

Disciplinary action, when necessary, will be fair and consistent in order to be the most effective in changing student behavior. In determining the appropriate disciplinary action, authorized school personnel will consider the following when imposing disciplinary penalties:

- The student's age
- Student's understanding of the impact of their behavior
- The nature of the offense and the circumstances which led to the offense.
- The student's prior disciplinary record.
- The effectiveness of other forms of discipline
- Information from parents, teachers, staff and others as appropriate.
- The impact of the overall school community
- The seriousness of the behavior and the degree of harm caused
- Other extenuating circumstances.

PENALTIES & CONSEQUENCES

Students, who are found to have violated the West Seneca Schools Code of Conduct, shall be subject to the following penalties either alone or in combination with one another. The school personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process. Typically, discipline

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

will be progressive. This means that both the number of violations and severity of the behavior will be considered when determining consequences.

- Verbal warning – any member of the District staff
- Written warning – bus driver, hall, lunch, study hall monitors, teachers, and administration
- Written notification to parent – teachers and administration
- Detention – administration and teachers
- Suspension from transportation – administration
- Suspension from athletic participation – administration
- Suspension from social or extracurricular activities – administration
- Suspension from District computer resources – administration
- Suspension of other privileges – administration
- In-school suspension – administration
- Temporary removal from classroom – teachers, administration
- Short-term suspension (five days or less) – administration
- Long-term suspension (more than five days) – Superintendent, Superintendent's designee
- Permanent suspension from school – Superintendent, Board of Education
- Restitution, community service and/or outside intervention – administration
- For instances of academic misconduct, a student may receive academic consequences – teachers, administration.

PROCEDURES

Students who are found to have violated the District's Code of conduct may be subject to consequence, either alone or in combination, as outlined below. The school personnel identified after each consequence are authorized to impose that consequence, consistent with the student's right to due process.

Note: Referrals for counseling and community service can be provided for parents or guardians to consider as a consequence; however, counseling, community service, and involuntary transfers, cannot be mandated consequences, per the Commissioner's previous rulings.

Due Process is a student's right. The amount of Due Process a student is entitled to receive before a consequence is imposed depends on the consequence being imposed. In all cases, regardless of the consequence imposed, the school personnel authorized to impose the consequence is expected to inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct.

All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty. Students, who are to be given penalties (other than a verbal warning, written warnings, written notification to their parents or detention), are entitled to additional rights before the penalty is imposed. These rights are explained below.

Restorative practices

Principals and the Superintendent may use restorative practices in lieu of or in addition to additional consequences such as suspension. The consequence involves having any offender meet with individual or group affected by the incident to restore justice and reinforce the expected behavior.

Before any restorative practice session is held, all students and their parents/guardians will be contacted to ensure all parties are in agreement. No rights guaranteed under Education Law Section 3214 are waived by participating in restorative practices.

Detention

Teachers and administration (or their designee) may use before-school, lunch, and/or after school detention as a consequence for student misconduct in situations where removal from the classroom or suspension would be inappropriate.

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

Teacher Disciplinary Removal of Disruptive Student

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control. Such practices may include, but not be limited to: a short-term "time-out" in an elementary classroom or in an administrator's office)

On occasion, a student's behavior may become disruptive. For purposes of this West Seneca Schools Code of Conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent non-willingness to comply with the teacher's instructions or repeatedly (i.e., three or more times) violates the teacher's classroom behavior rules.

Following each incident involving removal of a student from a classroom, the teacher must submit a written form, describing the evidence to substantiate the removal to the principal within 24 hours (one school day). The teacher's evidence supporting the disruptive behavior should be objectively stated, provide appropriate and adequate information, and include steps the teacher took to address the behavior or a clear reason why no such steps were attempted.

If the disruptive student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher should, however, explain to the student why he/she was removed from the classroom and give the student a chance to present his/her version of the relevant events within 24 hours. The teacher must complete a district established disciplinary removal form and meet with the principal/designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal forms. * Under normal circumstances, prior to initiating the removal process, the teacher must notify the parent of a potential removal.

Prior to the Principal's parent contact, the removing teacher shall make a reasonable attempt to contact the student's parents to explain the circumstances of the student's removal. Within 24 hours, written notification of the student's removal will be mailed home to the student's parent or guardian. The notice will inform the parent that they have the right, upon request, to meet informally with the principal/designee and the teacher to discuss the reasons for the removal. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number for the purpose of contacting a parent.

The principal/designee may require the teacher, who ordered the removal, to attend the informal conference during the workday. If at the informal meeting the student denies the charges, the principal/designee will explain why the student was removed and give the student and parent a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the meeting may be extended by mutual agreement of the parent and principal.

The principal/designee may only overturn the removal of the student from class if the principal finds any one of the following:

- a. The charges against the student are not supported by substantial evidence.
- b. The student's removal is otherwise in violation of law, including the District's Code of Conduct.
- c. The conduct warrants suspension from school pursuant to Education Law #3214 and a suspension will be imposed.

The principal/designee may overturn a removal at any point (pursuant to reasons outlined in the paragraph above) between receiving the referral form issued by the teacher and the end of the school day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the teacher will be permitted to return to the classroom until the principal makes a final determination.

Any disruptive student removed from the classroom by the teacher shall be offered continued educational programming until they are permitted to return to the classroom.

Each teacher must keep a complete log for all cases of removal of students from their class.

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

Note: Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement.

Suspension From Transportation

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building administrator's attention. Students, who become serious disciplinary problems, may have their privileges suspended by the building principal. In such cases, the student's parent or guardian will become responsible for seeing that their child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the District will make appropriate arrangements to provide for the student's education. A student assigned a suspension from transportation is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal to discuss the conduct and the penalty involved.

Suspension From Athletic Participation, Extra-Curricular Activities and Other Privileges

A student assigned a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent or guardian will be provided with a reasonable opportunity for an informal conference with the administrator imposing the suspension to discuss the conduct and the penalty involved.

Suspension From District Computer Resources

A student assigned a suspension from District computer resources or other privileges is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent or guardian will be provided with a reasonable opportunity for an informal conference with the administrator imposing the suspension to discuss the conduct and the penalty involved.

In-School Suspension

The Board recognizes that the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the Board authorized building principals to assign in-school suspension for students who would otherwise be suspended from school as the result of a West Seneca Schools Code of Conduct violation. In-school suspension is the temporary removal of students from the classroom and their placement in another area of the school building designated for such a suspension where students will receive a substantially equivalent education.

A student assigned an in-school suspension is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent or guardian will be provided with a reasonable opportunity for an informal conference with the administrator imposing the sanction to discuss the conduct and the penalty involved.

Suspension from School

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The Board retains its authority to suspend students, but places primary responsibility for the suspension of students with the Superintendent and the building principals.

Any staff member may recommend to the Superintendent or the principal that a student be suspended. All staff members must immediately report a violent student to the principal or the Superintendent for a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension. The Superintendent or principal upon receiving a recommendation or referral for suspension or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

1. Short-term (five days or less) Suspension from School

When the Superintendent or principal (referred to as the “suspending authority”) proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law 3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. Within 24 hours, written notification of the student's suspension will be mailed home to the student's parent or guardian. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parent.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parent of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parent. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the principal may establish.

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence does pose such a danger or threat or disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practical.

2. Long-Term (more than five days) Suspension from School

When the Superintendent determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parent or guardian of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him/her and the right to present witnesses and other evidence on his/her behalf.

The Superintendent shall personally hear and determine the proceeding or may, at his/her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him/her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the Superintendent may accept all or any part thereof.

An appeal of the decision of the Superintendent may be made to the Board that will make its decision based solely upon the record before it. All appeals to the Board must be in writing and submitted to the District Clerk within 30 business days of the date of the superintendent's decision, unless the parent(s) or guardian(s) can show that extraordinary circumstances precluded them from doing so. The Board may adopt in whole or in part the decision of the superintendent. Final decisions of the Board may be appealed to the Commissioner of Education within 30 days of the decision.

3. Permanent Suspension

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses an extremely serious danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

Minimum Periods of Suspension

A. Students Who Bring a Weapon to School

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property would be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law 3214. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the following:

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

- The student's age
 - The student's grade in school
 - The student's prior disciplinary record.
 - The Superintendent's belief that other forms of discipline may be more effective
 - Input from parents, teachers and/or others
 - Other extenuating circumstances
- B. The Superintendent is required to refer the following students to the County Attorney (or the appropriate law enforcement authorities) for a juvenile delinquency proceeding before the Family Court.
- a. Any student under the age of 16 who is found to have brought a weapon to school, or
 - b. Any student 14 or 15 years old qualified for juvenile offender status under the Criminal Procedure Law.

The Superintendent is required to refer students over the age of 16 or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities. A student 14 or 15 years old who possess a firearm, machine-gun or loaded firearm (as defined in section 265.00 of the Penal Law) on school grounds or school authorized functions (as defined in section 220.00 (14) of the Penal Law) qualifies for juvenile status under section 1.20 of the Criminal Procedure Law.

A student with a disability may be suspended only in accordance with the requirement of state and federal law.

- C. Students who engage in violent conduct other than bringing a weapon to school.
- Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.
- D. Students who repeatedly and substantially disrupt the educational process or repeatedly and substantially interfere with the teacher's authority over the classroom

Any student, other than a student with a disability, who engages in conduct, which results in the student being removed from the classroom by teacher(s) on four or more occasions during a semester, could be suspended from school for up to five days. If the proposed penalty is up to a five-day suspension, the student and student's parent will be given the same notice and opportunity for a hearing given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by case basis. In deciding whether to modify the penalty, the Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

ALTERNATIVE INSTRUCTION

When a student of any age is removed from class by a teacher or student of compulsory age is suspended from school pursuant to Education Law # 3214, the District will take immediate steps to provide alternative means of instruction for the student.

DISCIPLINE OF STUDENTS WITH DISABILITIES

A. Authorized Suspension or Removals of Students with Disabilities

1. For purposes of this section of the Code of Conduct, the following definitions shall apply:

A "suspension" means a suspension pursuant to Education Law § 3214.

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

A “removal” means a removal for disciplinary reasons from the student’s current educational placement other than a suspension. Removal also includes placement into an interim alternative educational setting (“IAES”).

An “IAES” means a temporary educational placement for a period of up to 45 school days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, which enables the student to continue to progress in the general curriculum, although in another setting, and to continue to receive the services and modifications described in the student’s individualized education program (“IEP”). In addition, the services and modifications provided to the student while in an IAES should address the behavior that precipitated the IAES placement and be designed to prevent the behavior from recurring.

2. District personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:
 - a. The Board of Education, Superintendent of Schools, BOCES District Superintendent of Schools, or a building principal may suspend a student with a disability or order the placement of a student with a disability into an IAES for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
 - b. Subject to the rules in this section of the Code of Conduct, including the change of placement rule described below and the requirement to conduct a superintendent’s hearing for suspensions or removals in excess of five school days, the Superintendent may order the placement of a student with a disability into an IAES, to be determined by the Committee on Special Education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 school days, if the student carries or possesses a weapon to school or to a school function, has inflicted bodily injury upon another person at school, or knowingly possesses or used illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.
 - c. Subject to specified conditions required by both federal and state law regulations, an impartial hearing officer may order the placement of a student with a disability into an IAES, to be determined by the CSE, for up to 45 school days at a time, if maintaining the student in his or her current educational placement is substantially likely to result in injury to the student or others.

B. Change of Placement Rule

1. A disciplinary change in placement means a suspension or removal from a student’s current education placement that is either:
 - a. for more than 10 consecutive school days; or
 - b. for a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because the student’s behavior is substantially similar to the student’s behavior in previous incidents that resulted in the series of removals; and because of such additional factors as the length of each suspension or removal, the total amount of time the student has been removed and the proximity of the suspensions or removals to one another. The District shall determine, on a case-by-case basis, whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.
2. Generally, district personnel may not suspend or remove a student with a disability if the imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspensions or removals. District personnel may, however, impose a suspension or removal, which would otherwise result in a disciplinary change in placement, if the manifestation determination review team determines that the student’s behavior was not a manifestation of the student’s disability, or the

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

student is placed into an IAES for behavior involving weapons, illegal drugs or controlled substances, or that resulted in the infliction of bodily injury upon another person at school.

C. Special Rules Regarding the Suspension or Removal of Students with Disabilities

1. A Manifestation Determination Review meeting must be held for a student with a disability, or a student presumed to have a disability pursuant to 8 NYCRR § 201.5, within ten (10) consecutive school days after a decision is made by the Superintendent of Schools or an impartial hearing officer to place the student in an interim alternative educational setting pursuant to either 8 NYCRR § 201.7(e), § 201.8, or to impose a removal from the student's educational placement that constitutes a disciplinary change in placement in accordance with federal and state law and/or regulation.
2. Prior to the Manifestation Determination Review meeting, the parent of the student shall be mailed written notification of the manifestation determination review meeting, which shall inform the parent of the purpose of the manifestation determination review meeting, the names of the individuals expected to attend, and of the parent's right to have relevant members of the CSE participate at parent's request.
3. The Manifestation Determination Review Team (Manifestation Team) shall consist of a representative of the district knowledgeable about the student and the interpretation of information about child behavior, the parent, and relevant members of the CSE. The Manifestation Team must review all relevant information in the student's file including the student's current IEP, any teacher observations, and any relevant information provided by the parent to determine if:
 - a. The conduct in question was caused by or had a direct and substantial relationship to the student's disability; or
 - b. The conduct in question was the direct result of the school district's failure to implement the student's IEP.
4. If the Manifestation Team determines that the student's conduct was not a manifestation of the student's disability, the student may be disciplined in the same manner as a nondisabled student. During the period of the student's suspension, the student shall be provided instructional services in accordance with 8 NYCRR § 201.10 and shall be allowed to continue to participate in the general education curriculum and progress towards meeting the annual goals in the student's IEP.
5. Where the Manifestation Team determines that the student's conduct was a manifestation of the student's disability, the District will conduct a Functional Behavioral Assessment (FBA), if one has not yet been conducted, and implement or modify a behavioral intervention plan for the student. The student must promptly be returned to the placement from which the student was removed, unless the parent of the student and the district agree to a change of placement as part of the modification of a Behavioral Intervention Plan (BIP) or pursuant to the procedures outlined in 8 NYCRR § 201.7 or § 201.8.
6. If the Manifestation Team determines that student's conduct was a manifestation of the student's disability, the student may still be placed into an IAES, to be determined by the CSE, if the District follows the procedures and satisfies the substantive eligibility requirements for an IAES set forth in 8 NYCRR § 201.7 or § 201.8.
7. Pursuant to 8 NYCRR § 201.7 or § 201.8, the Superintendent of schools, either directly or pursuant to a recommendation of a hearing officer designated to conduct a superintendent's suspension hearing may order a change in placement to an appropriate IAES, to be determined by the CSE, for up to forty-five (45) school days, but not to exceed the period of suspension ordered by the Superintendent or the hearing officer, if the student:
 - a. Has inflicted bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty upon another person while at school, on school premises or at a school-sponsored or school-authorized extra-curricular event or activity;

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

- b. Carries or possesses a weapon to or at school, on school premises, or to or at a school function; or
 - c. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises or at a school function.
8. The parent of a student who is facing disciplinary action, but who has not been determined to be eligible for services under the IDEA and Article 89 of the Education Law at the time of the misconduct, shall have the right to invoke the applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the school district is deemed to have had knowledge that the child was a student with a disability before the behavior precipitating the disciplinary action occurred. If the district is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes.
- a. The Superintendent of Schools, building principal or other person imposing the suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.
 - b. Except as otherwise provided in subdivision (c) below, a student shall be presumed to have a disability for discipline purposes if, prior to the time the behavior occurred:
 - (i) The parent of the student expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency or to a teacher of the student that the student is in need of special education, provided that such expression of concern may be oral if the parent does not know how to write or has a disability that prevents a written statement; or
 - (ii) The parent of the student requested a CSE or Committee on Preschool Education ("CPSE") evaluation of the student; or
 - (iii) A teacher of the student, or other personnel of the school district, expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the director of special education of the school district or to other supervisory personnel of the school district.
 - c. Notwithstanding the above, a student shall not be presumed to have a disability for discipline purposes if:
 - (i) The parent of the student previously did not allow an evaluation of the student by the CSE or CPSE; or
 - (ii) The parent of the student previously refused special education or related services; or
 - (iii) The CSE or CPSE previously determined that the student was not a student with a disability.

If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors.

However, if a request for an individual CSE or CPSE evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student, who is not a student presumed to have a disability for discipline purposes, shall remain in the educational placement determined by the district, which can include suspension. If, as a result of an expedited evaluation, the student is determined to be a student with a disability, the student shall be entitled to the procedural safeguards afforded to students with disabilities during the discipline process, including the right to a Manifestation Determination Review meeting if the other conditions for holding such a meeting are met.

9. The District shall provide parents with notice of a disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability into an IAES for

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

misconduct involving weapons, illegal drugs or controlled substances or that resulted in the infliction of bodily injury upon another person at school; or because maintaining the student in his/her current educational setting is substantially likely to result in injury to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement. The procedural safeguard notice prescribed by the Commissioner shall accompany the notice of disciplinary removal.

10. The parent of a student with a disability subject to a suspension of five consecutive school days or less shall be provided with the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.
11. Superintendent's hearings on disciplinary charges against a student with a disability subject to a suspension of more than five school days shall be divided into a guilt phase and penalty phase in accordance with the procedures set forth in 8 NYCRR § 201.9.
12. During any period of suspension or removal, including placement into an IAES, students with disabilities shall be provided services in accordance with 8 NYCRR § 201.10 and shall be allowed to continue to participate in the general education curriculum and progress towards meeting the annual goals set out in the student's IEP.

D. Expedited Due Process Hearings

1. An expedited due process hearing shall be conducted in the manner specified in 8 NYCRR § 201.11 if:
 - a. The District requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability into an IAES, to be determined by the CSE, where school personnel submit that the student is substantially likely to injure himself or others if he remains in his current educational placement. This includes requests by a school district while an impartial due process hearing is pending for the placement of a student into an IAES during the pendency of the proceedings.
 - b. The parent requests such a hearing to challenge a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding the student's placement during a suspension or removal, including but not limited to any decision to place the student into an IAES.
2. During an expedited due process hearing or appeal regarding the placement of a student into an IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and the District agree otherwise.
3. The following procedural rules shall apply to expedited due process hearings:
 - a. A resolution meeting shall occur within seven days of receipt of the due process complaint, unless the parent and school district agree in writing to waive the resolution meeting or agree to use mediation.
 - b. The expedited due process hearing may proceed unless the matter is resolved to the satisfaction of both parties within 15 days of receipt of the due process complaint.
 - c. The expedited due process hearing shall occur within 20 school days of the date the complaint requesting the hearing is filed.
 - d. The impartial hearing officer shall make a determination within 10 school days after the hearing.
 - e. No extension to an expedited impartial hearing timeline may be granted.
 - f. The impartial hearing officer shall mail a copy of the written, or, at the option of the parents, electronic findings of fact and the decision to the parents, to the Board of Education and to the Office of

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

Special Education of the New York State Education Department within 10 school days after the expedited hearing.

E. Referral To Law Enforcement and Judicial Authorities

In accordance with the provisions of IDEA and its implementing regulations:

1. The District may report a crime committed by a student with a disability to appropriate authorities, and such action shall not constitute a change of the student's placement.
2. The Superintendent of Schools shall ensure that copies of the special education and disciplinary records of a student with a disability are transmitted for consideration to the appropriate authorities to which a crime is reported, when appropriate and permissible under the law.

CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden. In situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The District will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

STUDENT SEARCHES AND QUESTIONING OF STUDENTS

The Board is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student and **may question a student about an alleged violation of law** or the District West Seneca Schools Code of Conduct. **Students are not entitled to any sort of "Miranda" type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student.** However, school officials will tell all students why they are being questioned.

In addition, the Board authorizes the Superintendent, and principals to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the District West Seneca Schools Code of Conduct.

An authorized school official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search the student's belongings based upon information received from a reliable informant.

Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he/she possesses physical evidence that they violated the law or the West Seneca School District Code of Conduct, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought. Whenever practical, searches will be conducted in the privacy of administrative offices and the students present when their possessions are being searched.

WEST SENECA CENTRAL SCHOOL DISTRICT CODE OF CONDUCT

A. Student Lockers, Desks, Computer Network Accounts, and other School Storage Places

The rules in this West Seneca Schools Code of Conduct regarding searches of students and their belongings do not apply to student lockers, desks, computer network accounts, and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks, computer network accounts, and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

B. Documentation of Searches

The authorized school official conducting the search shall be responsible for promptly recording all appropriate information about each search.

The building principal/designee shall be responsible for the custody, control and disposition of any illegal or dangerous items taken from the student. The principal/designee shall clearly label each item taken from the student and retain control of the item(s), until the item(s) are turned over to the police. They will also be responsible for personally delivering dangerous or illegal items to police authorities.

C. Police Involvement in Searches and Questioning of Students

District officials are committed to cooperating with law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority (as per BOE policy 7330) to interview or search students in school or at school functions.

D. Child Protective Services Investigation

Consistent with the District's commitment to keep students safe from harm and the obligation of school officials to report to Child Protective Services (CPS) when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, or neglect or custody investigations.

All requests by Child Protective Services to interview a student on school property shall be made directly to the building principal/designee. The principal/designee shall set the time and place of the interview. They will decide if it is necessary and appropriate for a school official to be present during the interview. If the nature of the allegations is such that it may be necessary for the student to remove any of his/her clothing in order for the child protective services worker to verify the allegations, the School Nurse or other district medical personnel must be present during that portion of the interview. No student may be required to remove his/her clothing in front of a Child Protective Services worker or school district official of the opposite sex.

A Child Protective Services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger or abuse if not, he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

VISITORS TO THE SCHOOLS

Schools are a place of work and learning and, as such, certain limits must be set for visitors. The building principal is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor. This includes contractors, guests, and volunteers.
2. All visitors to the school must report to the Main Office upon arrival. Each District building has a designated "Main Office" where all visitors are expected to enter with photo identification. There they will be issued a visitor's identification badge (generated by an electronic Visitor Management System-RAPTOR), which must be worn at all times while in the school or on school grounds. The visitor must return the ID badge to the designated area before leaving the building.
