NYS GUIDELINES REGARDING ADMINISTRATION OF MEDICATION IN SCHOOL

School nurses and other school personnel are often asked to dispense medication to school children.

Medication can only be dispensed under the following policy:

1. A written request from the parent/guardian.
2. A written request from the physician which indicates the frequency and the dosage of the medication.
3. The medication is to be brought in the prescribed labeled bottle by an adult to the health office.

Please do not send any aspirin, cold pills, inhalers, medicated suckers etc. to the school with your child. The dangers of this practice are possible choking and another child may take the medicine resulting in serious consequences.

As stated above, medication will only be dispensed under the described conditions and this will be strictly adhered to within this school situation.
