

MATHEMATICS DEPARTMENT

We strongly recommend students have access to a Graphing Calculator in the classrooms, at home, and for use during tests and Regents exams. All math classrooms contain a set of these calculators for use in the classroom. However, homework will be assigned where the graphing calculator will be needed. Please know that we anticipate the graphing calculator software will be installed on student Chromebooks issued by the District. This should relieve the financial burden that comes with purchasing this \$100 item. However, if a student or family wishes to purchase an actual calculator for home use, we are specifically recommending the Texas Instruments model TI-84 PLUS.

Specific teachers may request additional supplies on the first day of class.

Algebra 1 Common Core

Alg 1 with MRS. EISENMANN:

- Highlighter
- Pencils with erasers
- Ruler
- 2 pocket folder

Alg 1 with MRS. SWYGERT:

- Highlighter
- Paper
- Ruler
