

## Student Drop-Off & Pick-Up Procedures

- All Before School student Drop-Off & After School student Pick-Up will take place in the **back Student Lot at the glass athletic entrance**
- The glass athletic entrance doors will be unlocked when the building opens for students at **7:20am**. Due to the potential for inclement weather, if you arrive prior to that time, you may wish to park in a space in the back lot until 7:20am.
- If waiting outside the glass doors, students are expected to **wear masks** and maintain **6 feet of social distance**.
- When picking up students at the end of the day, please do not line up along the sidewalk, rather wait for them in a parking spot in the back lot.
- Please follow the traffic pattern as shown in the graphic below in order to avoid the bus lane.
- Please remember that the speed limit on the East campus is **15 mph**.
- Please **yield to all bus traffic**.
- Following all of these procedures will provide for the safest drop-off and pick-up procedures possible.
