

JFK Athletic Campus COVID-19 Guidelines

Dear JFK student-athletes, families, coaches, staff, and spectators:

As we navigate through these challenging times during the COVID-19 pandemic, please understand that the health and safety of all athletes and patrons is our number one priority.

When you enter any facility at JFK High School during the Fall 2020 season, we are asking you to adhere to the following guidelines:

- Facial coverings are required when students and spectators arrive on campus.
- Athletes are required to wear masks at all times during their activity unless a face covering cannot be tolerated by the athlete.
- No locker rooms or indoor facilities will be available for team use. Athletes should please come dressed and ready to play.
- Single occupancy outdoor restrooms will be available at our Field House.
- Per the Erie County Interscholastic Conference, only two spectators per player are permitted on campus for athletic events and must have ECIC spectator credential in order to attend.
- Spectators must wear a mask at all times while on our campus and physical distancing of 6 feet or more must be maintained while on campus.
- Opposing teams will have their temperature taken by JFK coaches prior to competition.
- Each athlete must have their own water bottle for games.
- The concession stand will not be available for games.
- Coaches will maintain physical distancing guidelines and wear face coverings when possible before, during, and after games.
- Spectators are asked to not arrive more than 15 minutes prior to the start of the game.

Thank you for your continued understanding and support of our athletics program at JFK High School. Please feel free to contact me or consult the following informational links if you have any specific questions or concerns.
