From the Principal: Over the summer, please make sure that your

child spends time reading. Recommended reading lists for each grade level can be found at our library website at http://www.wscschools.org/clinton_street.cfm?subpage=101

Your child may enjoy participating in reading activities offered at the public library or book stores! Try to take advantage of the many parks, museums, and activities available in Western New York. The following websites offer great ideas for families:

<http://www.visitbuffaloniagara.com/things-to-do/family-fun/>;

<http://www.fun4kidsinbuffalo.com/>. Keeping a summer journal detailing what he or she read, or did, is a great way for your child to practice writing. Children are encouraged to bring summer journals with them when school starts if they would like to share.

Interested in summer learning for your child? The West Seneca Community Education Program offers many opportunities for enrichment, such as music lessons, children's theater camps, dance, handwriting and creative writing, sports, Space Camp... the offerings are extensive and too many to list here. Catalogues were sent out, but if you need more information, go to www.wscschools.org/commed or call 677-3107.

You will receive a postcard from the district at the end of the summer informing you as to which teacher your child has been assigned. Please – no phone calls. We will not provide information before post cards are sent. No changes in class assignments will be made.

On behalf of the faculty and staff, I wish you a safe, healthy, and enjoyable summer.

Kimberly McCartan
Principal
