About the Board of Education

The school district is governed by a seven-member board of education elected by qualified voters of the district.

The board has total responsibility for the educational program of the district, its financing and control. It establishes policies for operation of the school district. Members are public officials who serve without pay for three-year terms. As our elected representatives and as officers of New York State, the board must carry out duties imposed by the state's legislature, Board of Regents and commissioner of education. The school board has no legal or formal connection with any other local government body. Its functions are carried out through district officers, administrators and personnel.

How to Get to Know Your Schools Better

The board of education recognizes the importance of keeping the public informed about school matters. To accomplish this, many avenues are used to communicate school information. These include:

1. Individual school building publications and open-house programs
2. Publication of the district newsletter, "Our Schools"
3. Newspaper releases
4. Radio and television announcements
5. School-community organizations
6. Pupil-carried bulletins
7. Public hearings and information meetings
8. Hearing of public comments at board meetings
9. Open telephone communications
10. School home page (www.wscschools.org), district Twitter (www.twitter.com/WestSenecaCSD) and district Facebook (www.facebook.com/WestSenecaCSD)

School board meetings provide regular opportunities for district residents to voice their concerns.

Arrangements for school conferences or visits to schools should be made by calling the building principal.

If You Have a Question

The board of education advises parents and other district residents who have questions or concerns about their child(ren)'s education or other school-related problem to first try to resolve them at the level most directly involved. This is usually the classroom teacher or school principal. If a satisfactory solution cannot be reached at this level, individuals should contact the appropriate district office (*special education, athletics, etc.*).

The recommended order of communication is

1. Your child's teacher (call the school office to make contact)
2. Your child's school counselor (student services office in secondary schools)
3. Your child's principal
4. If a curriculum question, the director for that subject area (math, English, etc.)
5. If a pupil services or special education question, the director of pupil services
6. The superintendent of schools
7. The board of education

Phone numbers for schools and departments are listed within the pages of this directory.

EDUCATIONAL PROGRAMS

Elementary Program

Grades pre-K through 5 provide a thorough foundation in reading, language arts, mathematics, social studies and science. Prekindergarten is offered to provide 4-year-old children with the opportunity to access high-quality instruction that prepares them for future school success by developing strong foundational skills in early literacy and mathematics. Prekindergarten classes are offered at these sites: Winchester Potters Elementary, Northwood Elementary, EduKids (Seneca Street) EduKids (Kelly Drive) Page 1 Preschool, St. John's and Just Kids.

In addition to the core areas, classes are provided in art, vocal and instrumental music, physical education and health and safety. Starting in grade 4, students may choose to study string or band instruments. All elementary music ensembles take part in winter and spring concerts featuring both choral and instrumental music. Computer education begins at the elementary level where it is integrated into the curriculum.

Special education classes and resource programs are offered to those children who need special help in addition to regular classroom instruction.

Opportunities for students to extend their learning and develop their strengths are provided in a variety of formats.

Promotion from one grade level to the next is based on a thorough analysis of each child's progress. Decisions are based on the needs of the student as determined by teachers and the parents working together with the building principal. Report cards are issued at the end of each trimester. Grades and attendance records are also available online through the Parent Portal on the district website.

Middle School Program

The middle school program (grades 6 through 8) serves as a transition from elementary school to high school. Students are introduced to technology education, family and consumer sciences, foreign languages and extracurricular activities such as interscholastic and intramural sports, student government, school newspaper and the National Junior Honor Society. Students belong to interdisciplinary teams, sharing common instructors, expectations and curricula.

Middle school students receive a full year of instruction in English, social studies, mathematics,

science and a second language. Students looking to challenge themselves academically may also participate in accelerated courses in the areas of math, English language arts and science. Students may qualify to take Regents level courses, with the possibility of earning high school credits. Report cards are issued quarterly.

Students are also scheduled for courses in technology education, family and consumer science, art and music. Physical education classes are offered on a regular basis throughout the year. In addition, students may elect to participate in chorus, band or orchestra. The district boasts an award-winning cadet marching band featuring students from grades 5 through 8. Each school produces winter and spring instrumental and choral concerts.

High School Program

The senior high program (grades 9 through 12) is designed to prepare students for post-secondary education, immediate employment or careers in the military.

A rigorous core curriculum leads students towards either a Regents diploma or a Regents diploma with advanced designation. In addition to the core area courses, many electives are offered to add depth and scope to our students' high school education. Electives include courses in art, music, computers, technology and business.

Highly-motivated students are offered advanced courses to enrich and accelerate their learning. Nationally-recognized academy programs also highlight the offerings available to students. These "school-within-a-school" programs afford students an opportunity to explore a career field and develop transferable academic and workplace skills, while earning both high school and college credit. Students will also participate in industry specific internships and have opportunities for scholarships through their academy program. The academies currently include: Academy of Business and Finance, Academy of Information Technology/Digital Media, Academy of Visual Arts, Academy of Life Sciences and Engineering Academy.

High school instrumental students may participate in award-winning concert bands, marching band and jazz ensembles. There are also multiple opportunities for students to participate in the choral music program. Musical productions, winter and spring instrumental and choral concerts are presented by both high schools. A full complement of junior varsity and varsity sports are also available to students.

LEGAL NOTICES

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days after the day the West Seneca Central School District receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal (or appropriate school official) a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend their child's or their education record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the West Seneca Central School District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the West Seneca Central School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Comprehensive Student Attendance Policy

Statement of Overall Objectives

School attendance is both a right and a responsibility. The West Seneca Central School District believes an active partnership with students and parents is essential to the task of ensuring that all students meet or exceed the New York State Next Generation Learning Standards. The West Seneca Central School District recognizes that consistent school attendance has a correlation to academic success, school completion, and post-secondary work or study. The West Seneca Central School District believes that a tiered Comprehensive Student Attendance Policy that encapsulates varied levels of intervention and support for all students and families will assist in meeting the following objectives: To launch a district-wide campaign that increases the West Seneca Central School community's awareness and understanding of the importance of daily student attendance;

- a. To identify attendance patterns in order to design attendance improvement efforts;
- b. To calculate the District's average daily attendance for State aid purposes;
- c. To verify that individual students and parents/guardians are complying with education laws relating to compulsory attendance;
- d. To raise student achievement and close gaps in student performance;
- e. To closely monitor attendance for student safety.

Description of Strategies to Meet Objectives

The West Seneca Central School District will:

- a. Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at helping students to make connections to school, which in turn should lead to increased attendance.
- b. Develop a Comprehensive Student Attendance Policy based upon the recommendations of a variety of stakeholders that includes representation from the Board of Education, administrators, teachers, pupil services staff, and the community. The District will hold at least one public hearing prior to the adoption of this collaboratively developed Comprehensive Student Attendance Policy.
- c. Maintain accurate recordkeeping via a Register of Attendance to record attendance, absence, tardiness or early departure of each student.
- d. Utilize data analysis systems for tracking individual attendance and trends in irregular student attendance.

Develop a tiered approach to early and varied intervention strategies to improve school attendance for all students.

The complete policy consists of a comprehensive explanation of the following items:

- Determination of Excused and Unexcused Absences, Tardiness and Early Departures
- Student Attendance Recordkeeping/Data Collection
- Student Attendance/Course Credit
- Notice of Students who are Absent, Tardy or Depart Early
- Attendance Strategies, Interventions, and Programs
- Disciplinary Consequences
- Building Review of Attendance Records

To view the District Comprehensive Attendance Policy, visit www.wscschools.org Click "District" Click District Attendance Policy

Please Note:

All rights and protections given parents/person in parental relationship under the FERPA and this policy transfer to the student when he or she reaches age 18 or attends a post-secondary school. The student then becomes an "eligible student"

Pesticide Notification

New York State Education Law and the Commissioner of the State Education Department have adopted a pesticide notification requirement in schools effective July 1, 2001. The law requires all public and private schools to provide written notification to all persons who wish to receive 48-hour written notification of certain pesticide applications.

If an emergency application is necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the notification list. To receive 48-hour notification, you must register with the school district by contacting the superintendent of buildings and grounds, who serves as the school district's pesticide representative.

West Seneca's Central School District's representative for this notice is Joseph Farr who may be reached at 677-3684 or by fax at 674-0152.

Asbestos Notification

In accordance with the requirements of the federal regulation known as AHERA (Asbestos Hazard Emergency Response Act), the West Seneca Central School District has conducted inspections and developed management plans for each of the district's schools. These management plans are available for your review during regular business hours at the individual schools. Included in these management plans is information regarding AHERA inspections, operations and maintenance, period surveillance and response action activities.

It is the intention of the West Seneca Central School District to comply with all federal and state regulations controlling asbestos and to take the appropriate steps necessary to ensure students and employees have a healthy and safe environment in which to learn and work. For information contact Joseph Farr who may be reached at 677-3684 or by fax at 674-0152.

DISTRICT INFORMATION

School Closing

During the course of the school year, and particularly through the winter months, emergencies may arise that force the closing of schools.

How do we make our decision to close schools?

We gather as much relevant information as possible and base our decision on that analysis. This process includes:

- A review of data from forecasting services and statewide emergency systems
- Information on road conditions from transportation staff, police and highway supervisors
- An assessment of the amount of accumulated snow and ice
- Evaluation of anticipated duration of precipitation, weather predictions, temperature and wind chill data
- Verification of building status, including availability of utility services and on site snow removal
- A check of neighboring districts

Who makes the decision and when?

The superintendent of schools is responsible for the final determination. The decision is based on the above factors, as well as recommendations from the director of transportation. We try very hard to make the decision by 5:30 a.m.

How is the public notified?

The district's "Mass Notification" phone system will be activated as soon as the decision to close schools is made.

Up-to-date information is also provided to various local radio and television stations, as well as on the district website (www.wscschools.org), Twitter (www.twitter.com/WestSenecaCSD) and Facebook (www.facebook.com/WestSenecaCSD).

An email will also be sent to those families who have provided us with an email address.

Will we close schools if conditions worsen?

Once we make the decision to keep schools open, many parents leave for work. If we were to send students back home, many students would return to unsupervised bus stops and empty homes. Please keep in mind that even if weather conditions worsen, a decision to send students back home once at school or on the way to school is extremely rare. All of our buildings have emergency generators and systems as well as extra food and water to ensure student safety and comfort. School is the safest place to keep the children while we contact parents and make arrangements for a safe return home.

If schools are closed, ALL scheduled public and student activities will be canceled for that day and evening.

Counseling Resources

School counselors, school psychologists and school social workers are available in each school for support and referral services. The social work staff is as follows:

Allendale - Sean Hanley	677-3670
Clinton - Tina Schoepflin	677-3631
Northwood - Brenna Fitzpatrick	677-3649
West Elementary - Lisa Caprio	677-3166
Winchester Potters - Luke Rejewski	677-3594
East Middle - Christopher Scozzaro	677-3536
West Middle - Aimee Smart	677-3513
East Senior - Kristen Syracuse	677-3312
West Senior - Kathryn DiPasquale	677-3368

NYS Guidelines Regarding Administration of Medications in Schools

School nurses, principals and other school personnel are often asked to dispense internal medication to school children. Internal medication can only be dispensed under the following policy:

1. A written request from the parent/guardian; and
2. A written request from the physician which indicates the frequency and the dosage of the prescribed medication; and
3. The medication is to be brought in the prescribed labeled bottle by an adult to the office (*or original O.T.C. container*).

Please do not send any aspirin, cold pills, cough drops, inhalers, etc. to school with your child. The dangers of this practice are possible choking and another child may take the medicine resulting in serious consequences.

As stated above, medication will only be dispensed under the described conditions and this will be strictly adhered to within a school situation.

School Physicals

The New York State Education Department requires a physical exam for New Entrants and students in grades Pre-K or K, 1, 3, 5, 7, 9 and 11; annually for interscholastic sports; and working papers as needed; or as required by the Committee on Special Education (CSE) or Committee on Pre-School Special Education (CPSE). We strongly encourage you to have the physical exam performed by your child's doctor. If exam results are not received by the school nurse, you will receive one written notice and then an exam will be performed by the school physician. Please contact the nurse at your child's school for more information.

Student Attire Guidelines

The West Seneca Central School District will adhere to the CDC, New York State Department of Health, and local Department of Health guidance and recommendations that all persons will wear face coverings in all district schools, buildings, school facilities and while transported on school busses, especially when other social distancing measures are difficult to maintain.

All students are expected to be well-groomed and neatly dressed at all times. We take pride in the appearance of our students. Student dress shall in no way be so extreme as to be distracting or disruptive to the educational process of the school. The following guidelines for student attire are:

1. Messages on clothing, jewelry and personal belongings that relate to drugs, alcohol, tobacco, sex, vulgarity or that reflects adversely upon persons because of [their race or ethnic group] any one of their protected rights are not permitted.
2. Displaying of undergarments (bras, boxers, underwear, etc.) is not permitted
3. Headwear (e.g. hats, bandanas, etc.) may not be worn in the building unless for religious reasons

Any student who refuses to do so shall be subject to disciplinary action. Any student who repeatedly fails to comply with the dress code shall be subject to further disciplinary action.

Use of School Facilities

Community groups may use school facilities for social, civic and recreational meetings and entertainments or other community welfare use when such buildings are not scheduled for school purposes. Vandalism

School district property represents a sizable investment by district taxpayers. All of us, students and adults, share a responsibility to protect school property. Residents are asked to report to the police unusual activity on school sites during evenings and weekends. Prompt reports can help avoid costly damage. The district will use established legal channels when suspected vandals are apprehended.

Substance Policy

Our schools have an important role in the early detection of substance use, abuse and dependency. They have a role in the protection of our students from the promotion and sale of alcohol and nonprescribed drugs. Therefore, no person may use, possess, offer to sell or distribute chemical substances nor may they use or possess drug paraphernalia on school grounds or at school-sponsored events except drugs prescribed by a physician.

The term chemical substances refers to all substances including, but not limited to, alcohol, hallucinogens, depressants, stimulants, steroids, look-alikes and any of those substances referred to as "designer drugs." The inappropriate use of prescription and over-the-counter drugs is prohibited. Additionally, the board of education strictly forbids the use of tobacco (including chewing) anywhere on school property, or at any school sponsored event. Possessing and/or using any tobacco or other drug related paraphernalia or any facsimile thereof including electronic cigarettes (e-Cigs) and related (e-Cogs) paraphernalia.

Disciplinary measures for students violating this policy will range from suspension to permanent exclusion, and referral for prosecution as outlined in the Community Intervention Model.

Compliance with this policy is mandatory.

Immunization Mandates

- New York State law requires evidence of immunizations required for all children entering school. Physicians will provide certificate of immunization.
- For a current list of required immunizations visit: <https://www.health.ny.gov/publications/2370.pdf> or contact the school nurse.

Working Papers

Young people between the ages of 11 and 17 who plan to work part or full time are required to have working papers. Applications for working papers may be obtained from the middle or high school buildings or from the pupil services office.

School Food Services

(Food Service Office)

The West Seneca Central School Food Service Department has fully-equipped district-operated kitchens in all buildings. We serve breakfast and lunch in all buildings. The food service operation aims to be totally self-supporting with no cost to tax payers. The child nutrition program is an essential educational support activity and the nutritional needs of our students take precedence. The food levied meets U.S. government high-quality standards with monthly government commodities (cheese, vegetables, fruit, protein, etc.) incorporated into menus to keep prices as low as possible.

The application for free or reduced school meals will be mailed home in August. Please complete and mail to: Food Service Department, 1445 Center Road, West Seneca, NY 14224 or you may send it in with your child. It will also be available in your child's school office. Another option to complete the application is to go to www.MySchoolApps.com. **Only one application per family is necessary for both breakfast and lunch benefits.** Parents be sure to list all children, their grade level and schools they attend on the same application.

We have a computerized system in all buildings in the district. Each student has an account with the cafeteria. For any student account information, please contact Sue Whalen at 716-677-3810. Parents can pay via cash or check *payable to your child's school cafeteria) or use MySchoolBucks.com to put funds into student's account.

Transportation

Transportation of students from home to school and from school to home is a major function of the school district operation. With approximately 7,600 district students being transported to 105 different schools, it is clearly evident that the responsibility for maximum efficiency and safety is to be shared by all members of the community.

Motorists are advised to:

- Maintain sensitivity to the presence of school buses on the highway.
- Exercise caution when approaching a school bus from either direction.
- Watch closely for signals given by the bus driver including hand signals. **Remember: No traffic should move from either direction when red flashing lights on the bus are operating. This also includes when buses are loading and unloading at the school.**
- Stop vehicles when coming from either direction before reaching a stopped school bus that has flashing red lights. Allow students to cross the road and wait until the flashing red lights are turned off.
- Be aware that school buses come to a full stop at railroad crossings.
- Prepare to stop when approaching from either direction a school bus whose amber lights are flashing.
- Be aware that school buses **do not** turn right at intersections when the light is red.

Students and/or parents are advised to:

- Be at the designated bus stop ten minutes before pickup time.
- Provide supervision to children from home to the bus stop and from the bus stop to the home.
- Refrain from pushing, running or "horseplay" while waiting or getting on or off the bus.
- Stand clear and away from the road at all times.
- Enter and leave the bus in an orderly manner.
- Use the handrail when getting on or off the bus.
- Remain seated after entering and while riding.
- Keep arms and head inside open windows.
- Keep legs, books and belongings out of the aisle.
- Do not eat or drink on the bus.
- Keep conversations in a normal tone of voice; avoid boisterous conduct.
- Cross the road at least 15 ft. in front of the bus, always look both ways and watch for the bus driver's signal before crossing.
- Do not play with safety equipment, including the emergency door and window.
- Avoid bringing large objects or pets on the bus.
- No smoking at any time on the bus.
- Accept the authority and follow the instructions of the bus driver.
- Do not tamper with the belongings of other pupils.
- Never try to retrieve an object from under the bus.

Transportation Requests to Private and Parochial Schools

Request forms for district transportation to private and parochial schools are available at the transportation department at 3300 Seneca St. between 8:30 a.m. and 3:30 p.m. Monday through Friday, or visit the transportation department page of the district's website. All non-public school students who require transportation must submit a request on the proper district form to the said offices no later than April 1 of each year.

Transportation To and From Child Care Locations

Child care transportation is provided for K-8 students only. Students in grades 9-12 are transported to and from the home address only.

A public or private school student may be picked up and/or dropped off at a day care location (baby-sitter) anywhere within the West Seneca Central School District with the following requirements:

- Request forms are provided at the transportation department office and all district elementary school offices. Forms must be complete and returned to either the transportation department or the school by June 15 of each year prior to the school year for which transportation is requested.
- Parents and/or legal guardians must allow up to at least one week and wait for confirmation from the school district before permitting the student(s) to get picked up or dropped off from any address other than his or her residence.
- Parents and/or legal guardians may designate ONE alternate address other than the student's home address for transportation to and from school on non-consecutive days. The daily designated alternate address must be consistent on a weekly basis, five days per week. The A.M. and P.M. address may be different, but must remain consistent on a weekly basis, five days per week.
- No new stops will be added. Students will be required to be picked up and dropped off at the nearest established stop.
- No new bus route will be established if the addition of that bus route will result in an additional expense to be incurred by the district.

Transportation will be provided to students who are enrolled in New York State-licensed day care centers that are located in the West Seneca Central School District. Parents and/or legal guardians are advised to make sure that the day care centers they choose for the care of their children are fully licensed by the State of New York before transportation is requested.

Dignity for All Students Act

The board of education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting and intimidation. Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the district will strive to create an environment free of discrimination and harassment and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the district's educational mission.

The district condemns and prohibits all forms of discrimination and harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. In addition, any act of discrimination or harassment outside of school-sponsored events, which can reasonably be expected to materially and substantially disrupt the education process, may be subject to discipline.

Dignity Act Coordinator

At least one employee at every school shall be designated as the dignity act coordinator(s). The dignity act coordinator(s) will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (identity or expression) and sex. The board of education shall appoint the dignity act coordinator(s) and share the name(s) and contact information with all school personnel, students and parents/persons in parental relation.

West Seneca Central School Dignity Act Coordinators are:

- Allendale - Sean Hanley677-3670
- Clinton - Tina Schoepflin 677-3631
- Northwood - Brenna Fitzpatrick 677-3649
- West Elementary - Lisa Caprio 677-3166
- Winchester Potters - Luke Rejewski 677-3594
- East Middle - Christopher Scozzaro 677-3536
- West Middle - Aimee Smart 677-3513
- East Senior - Kristen Syracuse 677-3312
- West Senior - Katherine DiPasquale 677-3368

If a dignity act coordinator vacates his/her position, another school employee shall immediately be designated for an interim appointment as coordinator, pending approval from the board of education, within 30 days of the date the position was vacated. In the event a coordinator is unable to perform the duties of the position for an extended period of time, another school employee shall immediately be designated for an interim appointment as coordinator, pending return of the previous coordinator to the position.

Training

Training shall be provided each school year for all district employees in conjunction with existing professional development training to raise staff awareness and sensitivity of harassment and discrimination directed at students that are committed by students or school employees on school property or at a school function. Training will include ways to promote a supportive school environment that is free from discrimination and harassment, emphasize positive relationships and demonstrate prevention and intervention techniques to assist employees in recognizing and responding to harassment and discrimination, as well as ensuring the safety of the victims.

Instruction in grades kindergarten through 12 shall include a component on civility, citizenship and character education. Such component shall instruct students on the principles of honesty, tolerance, personal responsibility, respect for others, observance of laws and rules, courtesy, dignity and other traits which will enhance the quality of their experiences in, and contributions to, the community. For the purposes of this policy, "tolerance," "respect for others" and "dignity" shall include awareness and sensitivity to discrimination or harassment and civility in the relations of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, genders and sexes.

Rules against discrimination and harassment will be included in the code of conduct, publicized district-wide and disseminated to all staff and parents. An age-appropriate summary shall be distributed to all students at a school assembly at the beginning of each school year.

Reports and Investigations of Discrimination and Harassment

The district will investigate all complaints of harassment and discrimination, either formal or informal, and take prompt corrective measures as necessary. Complaints will be investigated in accordance with applicable policies and regulations. If, after an appropriate investigation, the district finds that this policy has been violated, corrective action will be taken in accordance with district policies and regulations, the code of conduct and all appropriate federal or state laws.

The district will annually report material incidents of discrimination and harassment to the State Education Department as part of the Uniform Violent and Disruptive Incident Reporting System (VADIR).

Prohibition of Retaliatory Behavior ("Whistle-Blower" Protection)

Any person who has reasonable cause to suspect that a student has been subjected to discrimination or harassment by an employee or student, on school grounds or at a school function, who acts reasonably and in good faith and reports such information school officials or law enforcement authorities, shall have immunity from any civil liability that may arise from making such report. The board prohibits any retaliatory behavior directed at complainants, victims, witnesses and/or any other individuals who participated in the investigation of a complaint of discrimination or harassment.
