Science Absent Work Folder

Day of week: Tuesday
Date: March 10th

What we did in class:
1. Students were assigned new seats! Find out the location of your new seat.
2. We talked about weird genetics. You don’t need to know any of that. Genetics is just cool.
3. Students had time to work on the cherry colored “Section 11.3 Questions”. Finish on your own.
4. Some students had time to start Chapter 11 of the “Unit 4 Vocabulary”. You will have more time for that on Thursday.

What the students had for homework:
1. Cherry “Section 11.3 Questions” due Wednesday
2. Chapter 11 of the yellow “Unit 4 Vocabulary” due Monday
3. “Chapter 11 Quiz” Monday
