

Use of Surveillance Cameras in the School District (see policy #5682)

It is the Board of Education's responsibility to ensure the safety of the District's students, staff, facilities, and property. While the Board of Education recognizes the importance of privacy, it has authorized the use of surveillance cameras on District property, including in school buildings, school facilities, as well as on school buses, when necessary. These surveillance cameras will help to assist the Board in maintaining the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities.
