INSTRUMENT AND MUSIC SUPPLIERS

This list of names and addresses of suppliers and equipment, music and services in and around West Seneca has been prepared for your convenience. These stores have served the interests of parents of children involved in our instrumental program. We do not necessarily endorse their particular brand name or quality of merchandise.

The instrumental teachers in our schools, however, are vitally concerned about students acquiring the quality instrument that will assure them of optimal progress and service for years. They, therefore, offer their services in checking any instruments you are considering for your child.
